1. The goal is to see Me, the goal is to hear Me, the goal is to feel Me, the goal is to become Me—the goal is Me and I am the goal. See, hear, feel and become, haven't I said that before? Don't those words have a familiar ring? I gave them to you months ago. I told you My school, My school is see, hear, feel, become. Do you want to become Me?

2. I am free, I am freedom and I am perfect love, and the more I give you of Me the more you reflect Me, the more like Me you become, the more Me you become. How much do you want to become like Me? What are you willing to do? What are you willing to give? What are you willing to become in Me?

3. I love you. I love you Ted. I love you reader, hearer, meditator, wonderer, ponderer, doubter of these words. I love you every one. Hear now, hear later, coming before, coming now, coming after, I loved you and I have loved you, I have loved you with a pure heart and I give you My pure heart.

4. I give you Me. That's why I have said over and over I open Myself to you, I withhold nothing from you. I call you to My side, I call you to My bosom, I call you to My quarters, and I call you into intimacy with Me. Spiritual maturity, maturity period will grow and mature in My presence.

5. Growth of that which is truly tangible, real and permanent will grow and become more like Me in My presence. I love to share My presence, I have told you that. I have told you many things in this last year and I will share so many more things with you and those who come with you to seek Me in My big world.

6. My big world is so big and so much more than most know, can comprehend or conceive at this time, and yet so much is right before them, I am right before them. That's why I continuously say see, see. What do you see? What do you want to see? What are you willing to see? What are you afraid to see? Why are you afraid of Me? Why are you afraid of coming so close, so many of you?

7. Why are you afraid of My words coming into you so that you can write them and proclaim them? Why are you so fearful and timid? Did I not give you the tools to do what I asked you to do?

Do I not let you become that which I ask you to become?

8. What will you choose to see today? What will you choose tomorrow to see? Why do you limit your vision so severely when I am all around you and so many things reflect Me, reflect My character, reflect My nature, reflect My composition, My values, My love, My heart, My tenderness, My growth patterns and My propensity to create?

9. What do you see, Ted? What do you see reader, hearer? What do you want to see, what are you willing to see?

10. What will you let Me show you today? Will you let Me show you what I truly have for you, and who I truly am?

11. Will you see Me, the man of sorrows and acquainted with grief? Will you see Me hanging on a cross? Will you see Me bleeding for you? Will you see Me at the right hand of God the Father Almighty making intercession for you day in and day out?

12. Will you see Me coming before you? Will you let yourself see Me coming before you?

13. What will you let Me see? What will you let yourself see? Why do you hide yourself from Me when I see everything anyway? Do you think that I do not see all, even the motives of your every word?

14. I am so close to you, I am so close to each one of you, I am so very close to you. What will you see? Will you see Me close to you? Will you see Me? Are you willing for Me to put eye salve on your eyes so that you can see Me better, clearer, magnanimously?

15. What are you willing to see this day? I am asking you. I am asking you lots of questions for you answer them today, you answer them tomorrow, you answer them with your actions and how you spend your time.

16. You answer them with the thought of your heart, the words of your spirit, that which comes out of your mind. Will you see Me more? See Me. See Me. See Me.

17. Hear Me. Do you hear Me calling? Do you hear Me this day? Do you hear Me calling you to My breast, to My quarters, to time with Me alone, solitude sometimes, simplicity, simplicity, simplistic focus on Me so that complex concepts can be conquered so easily, so easily, so very, very easily?

18. Are you willing to hear Me? Are you willing to hear My voice? Are you willing to hear My words? Are you willing, willing, willing? What are you listening to? Who are you listening to? Why are you listening to them? What are they doing for you?

Are they increasing your freedom, bringing them to Me, bringing you to Me? Are they increasing Me in you? If you have ears to hear, if the ears of your heart are open, hear Me and hear Me well. See Me and hear Me.

19. Feel Me. Will you feel Me? Will you feel Me this day, or are you even open to feeling My presence? Why do your emotions only respond when you let them, based upon certain narrow criteria, when I am emotion, and I have so much emotion for you?

20. Will you emotion become to help emotion My body, healing them of emotions scarred, tarred and feathered, painfully protruding on many foreheads? What are you willing to feel for Me? What kind of pain, joy, sorrow, victories, discipline and delight are you willing to feel for Me?

21. What do you want Me to feel for you? Answer Me and let Me come before you.

Are you willing to become Me? Are you willing to fall to the ground and die? I have so many very plain examples: unless a seed fall to the ground and die will it bring forth no fruit? Will it be transformed? Can it transform itself or do I transform it? Is it powerful or am I powerful?

22. All power is in Me and I am manifesting Myself in the powerful like never before and I invite you to join Me. I invite you to join Me. I invite you to join Me at My table, in My quarters, at My school with My people. I love you. I will share much substantive and significant details about becoming Me: how to become Me more, how to become My body more and operate as I designed. I am freedom and the more you know freedom the more you know Me, and the more you know Me the more you know freedom—we are inextricably one, we are the same.

23. What are you? What are you and where are you going? What will you see, hear, feel and become? I ask many questions of you this day. I have asked you more than I have told you, but I have told you much in what I have asked you.

24. Ask Me more so I can tell you more.

25. Hear Me, see Me, feel Me, become Me and let My design be fully operationalized without any limitations in your present life, right where you, are beginning today.

26. Accelerate in Me and accelerate with others who accelerate you will, questing your design to release. I love you. I bless you. I give you this day, make the most of it and enjoy Me. Enjoy My kingdom, My kingdom upon the earth, My kingdom in your life, My kingdom made manifest in front of your eyes so that you see Me clearly, you hear Me clearly, you feel Me always, and you act as Me. I am your pattern. I am your producer. I am your maker. I am your creator.

27. You choose what you see and what you will say. Sign with Me, sign My pages, sign My agreements and I will fill them in—beauty for rags, riches of My kingdom only, that permeates everything else and proclaims My power, My loveliness, My gratitude, respect and honor. I love you.

28. Come forth this day into the fullness of your blessing, the way is clouded but My arms are not crossed. I come to you full well knowing who you are and what you are doing and your full design potential in Me.

29. See Me more, please, today.
Hear Me, please, more, today.
Feel Me, more, please, today.
Become Me, more, please, today.

I love you.
I give you Me.
I withhold nothing.
Come, choose Me.
Thank you.
